Tinkune, Kathmandu, Nepal

PROFILE

I build full-stack web applications: the interface people use and the systems behind it. The interesting part is making both hold up when someone uses them in a way you didn't plan for. Bachelor of Information Technology student in Kathmandu with 11 live projects, a shipped client e-commerce store, and a focus on authentication, data modelling and APIs. Looking for an internship or junior developer role.

SKILLS

Frontend	React 19 · Next.js · Tailwind CSS v4 · HTML5 & CSS3 · Responsive design
Backend	Node.js · Express.js · PostgreSQL · Prisma 7 · REST APIs · JWT auth
Languages	JavaScript · TypeScript · Python · Java (OOP) · C++ (OOP)
Tools	Git · GitHub · GitHub Actions · Vite · npm · ESLint
Networking	TCP/IP · DNS & DHCP · Linux basics · Cybersecurity · Cloud fundamentals

EDUCATION

Bachelor of Information Technology, Texas College of Management and IT — 2024–Present
